Expectations of a College Credit Plus Student

MOUNT NOTRE DAME
Empowering Young Women

Being "college-ready" is more than just being prepared academically.

- Consider the emotional and social transition necessary to be successful in the college environment.

- Consider the time management, organizational, and communication skills necessary to succeed in credit-bearing college coursework.

- Self-advocacy is essential. CCP students are responsible for their own communication between faculty and advisors.

CCP Considerations

MOUNT NOTRE DAME

Empowering Young Women

Grade Weighting and Graduation Requirements

- College Credit Plus courses are weighted using the same scale as Advanced Placement.

- Students may take College Credit Plus courses in subject areas that will satisfy graduation requirements.

- Students should work with their school counselor to confirm how CCP courses will count.

Credit Transferability

- General education and technical courses should transfer
  - Ohio public college to another Ohio public college

- Students should confirm with future colleges about transferability

- Check https://transfercredit.ohio.gov for more transfer information

MOUNT NOTRE DAME
Empowering Young Women

Consequences of Underperforming

- Financial consequences may arise if students do not earn a passing grade or if they withdraw too late from college course.

- By default, grades are permanently recorded on high school and college transcripts and will be factored into each GPA.

MOUNT NOTRE DAME

Empowering Young Women

Consequences of Underperforming

- Students are at risk for CCP Probation when they either:
  - Earn lower than a 2.0 cumulative GPA in College Credit Plus courses.
  - Withdraw from or receive no credit for two or more courses in the same term.

- While on CCP probation, the student:
  - May only enroll in one CCP course for the semester.
  - May not enroll in a college course in the same subject in which the student previously earned a D, F, or received no credit.

- MND will determine a CCP student's probation status.

MOUNT NOTRE DAME
Empowering Young Women

Expenses/ Tuition

- **All non-public** students must apply for CCP funding each academic year via OHID. Application opens each February and closes April 1 at 5:00 PM.
  - Funding is awarded in terms of college credit hours.
    - One semester long course is typically 3 credit hours
  - Students who wish to take more than their awarded hours may pay out of pocket for the tuition, fees and books associated with the course.
- Participation in the CCP program does not reduce MND tuition obligations.

MOUNT NOTRE DAME
Empowering Young Women

How Many Hours Can Students Enroll In?

- The maximum number of credits allowable for a student while participating in the CCP program is 120.

  - **Non-public** students may be limited by amount of funding hours awarded.

- College campus courses may be limited by the MND schedule:
  - Students may request an additional merit time in their schedule to make this work – please see Mr. Hunt to determine if this is feasible.

- CCP courses cannot count towards their required Religion courses per the Archdiocese.

MOUNT NOTRE DAME

WHAT IS COLLEGE CREDIT PLUS?

- College Credit Plus (CCP) is a state supported program.

- Established to enhance students' college and career readiness and success.

- 7th – 12th grade students are eligible.

- Earn both high school and college credit upon successful completion of coursework.

BENEFITS OF PARTICIPATING IN CCP

- Opportunity to explore potential career paths, majors, degrees, and/or certificates.

- Experience college early to manage the expectations of college life.

- Potential tuition and textbook cost savings.

EXPECTATIONS OF A COLLEGE-READY CCP STUDENT

Being "college-ready" is more than just being prepared academically.

- Consider the emotional and social transition necessary to be successful in the college environment.

- Consider the time management, organizational, and communication skills necessary to succeed in credit-bearing college coursework.

- Self-advocacy is essential. CCP students are responsible for their own communication between faculty and advisors.

CCP CONSIDERATIONS

Grade Weighting and Graduation Requirements

- If a high school uses a weighted grading scale for Advanced Placement, International Baccalaureate, or Honors courses in a subject area, then College Credit Plus courses in that subject area will be weighted using the same scale.

- Students may take College Credit Plus courses in subject areas that will satisfy graduation requirements

- Students must work with school counselors to confirm how CCP courses may count toward their weighted GPA, and to ensure they are meeting any remaining high school graduation requirements.

CCP CONSIDERATIONS: **NOTICE OF MATURE CONTENT**

From Ohio Revised Code: Section 3365.035 | Course mature subject matter disclaimer

"The subject matter of a course enrolled in under the college credit plus program may include mature subject matter or materials, including those of a graphic, explicit, violent, or sexual nature, that will not be modified based upon college credit plus enrollee participation regardless of where course instruction occurs."

WHAT ARE THE CONSEQUENCES OF UNDERPERFORMING?

- Financial consequences may arise if students do not earn a passing grade or if they withdraw too late from college courses (district may require students/ families to reimburse the tuition that the district had paid).

- By default, grades are permanently recorded on high school and college transcripts and will be factored into each GPA.

WHAT ARE THE CONSEQUENCES OF UNDERPERFORMING?

- Students are at risk for CCP Probation when they either:
  - Earn lower than a 2.0 cumulative GPA in College Credit Plus courses.
  - Withdraw from or receive no credit for two or more courses in the same term.

- While on CCP probation, the student:
  - May only enroll in one CCP course for the semester.
  - May not enroll in a college course in the same subject in which the student previously earned a D, F, or received no credit.

- Secondary schools are responsible for determining a CCP student's probation status.

WHAT ARE THE EXPENSES FOR COLLEGE CREDIT PLUS?

- **Non-public** students must apply for College Credit Plus funding every year.

- For all CCP students who EXCEED their credit hour enrollment limit, there will be costs incurred to the student/families for tuition (rate at the campus of enrollment), required fees and textbooks.

- Some optional expenses are the responsibility of the student/family *(Examples: Parking and transportation).*

WHAT ARE THE EXPENSES FOR COLLEGE CREDIT PLUS?

- **Non-public** and **Home school** students must apply for CCP funding each academic year. Application opens each February and closes April 1.

- Funding Year runs Summer, Fall, and Spring.

- Funding is awarded in terms of college credit hours.
    - One semester long course is typically 3 credit hours

- Students who wish to take more than their awarded hours may pay out of pocket for the tuition, fees and books associated with the course under "Option A" of CCP.

HOW MANY HOURS CAN STUDENTS ENROLL?

- **Non-public** and **home** school students may be limited by amount of funding hours awarded.

- The maximum number of credits allowable for a student while participating in the CCP program is 120.
